Introduction & SANTA MONICA UNITED FC Philosophy

Founded in Los Angeles in 1975 the Santa Monica United Football Club (SMU F.C.), views soccer as a vehicle for teaching young people how to achieve success both on and off the field.

We believe soccer players develop toward their potential when learning the game with peers and coaches in a positive and competitive environment. Santa Monica United FC emphasizes skill development through consistent, active practice and challenging game experience. Coaches, volunteers and parents help our young players reach their goals as athletes and individuals, regardless of their socio-economic background, keeping in mind the values of teamwork, good sportsmanship, and all-out effort. Santa Monica United FC is dedicated to continued diversity as it actively pursues ongoing support of its programs from our families and outside sponsorships.

We are committed to young boys and girls who love the sport and are serious about their development as citizens first and as elite soccer players second. Our mission is to see all of our players achieve their full potential as athletes while also learning valuable life lessons through the environment of competitive sports.

SANTA MONICA UNITED FC Teams and Training

Santa Monica United FC currently has more than 300 players from the greater Los Angeles area on the rosters of 17 teams which compete in the Coast Soccer League, one of the most competitive leagues in the United States. As with all competitive sports programs, quality on-field performance and success is one of the objectives of Santa Monica United FC.

How We Are Funded

Santa Monica United FC is a non-profit organization (501C3 status). Like other soccer clubs, Santa Monica United FC charges each player dues and fees to help cover our financial needs. The Club also relies on donations from the community in order to keep

dues and fees low; make participation in our Club accessible to as wide a segment of our community as possible; and to help underwrite the community programs Santa Monica United FC sponsors.

We need your Support

Santa Monica United FC needs your help. It costs approximately \$2,000 per year for a player to be a part of the club. In many cases, the player families handle this financial commitment. However, because our club is dedicated to serving all of our community we offer scholarships to players who have skills, an interest in developing these skills, and a love for the game, but lack financial resources to cover their share of the costs. Hence, we need your help to support us in this and our other community programs. With your generosity, we can continue to pursue our mission to offer a healthy and fun environment for the youth of our community and, more importantly, to help us develop them into good citizens.

Your charitable donation may be 100% tax deductible and is an ideal way to show your support for soccer and the unique, community-based philosophy of our club. On the Sponsor Donation form shown below please circle or write in the desired contribution amount and return this form along with a check to the address indicated below.
